Forecast for Saturday 26 Dec 2020

Weather: Cloud thickening through the day, with outbreaks of rain by the late afternoon. These turning heavy and persistent in the evening. Winds will also strengthen by the afternoon, with storm force winds likely over the highest hills, and mobility becoming very difficult across higher level ridges or summits. There will also be a severe wind chill.

Chance of cloud free mountain/hill tops above 600m: 40% in the morning with cloud at 600m, becoming 20% by dusk with cloud falling to 400m.

Visibility: Any early spells of good visibility are likely to remain limited, with visibility becoming moderate in rain and poor or very poor at times at height.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Conditions will deteriorate through the day, becoming very poor by the late afternoon. Severe gales, with persistent and heavy rain and a significant wind chill are all expected. Gusts above 800m likely to exceed 70mph at times

Recent rainfall: measured at Neuadd: altitude 353m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
03:00 on Sat 26 Dec 2020	0.6mm	0.6mm	44mm

Forecast for Sunday 27 Dec 2020

Weather: Heavy rain after midnight, turning squally for a time, before clearing by dawn. Winds easing, however freezing level falling, with snow possible down to 200m. Bright spells and snow showers during daylight hours, although likely falling as rain or sleet to lower levels. Temporary blizzard conditions possible over the summits. Widespread freeze likely overnight, with icy patches.

Maximum wind: West 60mph, gusting 70-80mph, but easing to 25 mph gusts 30-40mph by dawn.

Chance of cloud free mountain/hill tops above 600m: 60%, with occasional cloud at 600m, mainly during snow showers.

Visibility: Mostly very good, but becoming poor or very poor in snow showers.

Temperature: **Valleys:** Plus 2 Celsius, falling to Minus 2 Celsius in the evening
At 600m: Minus 2 Celsius
Freezing level: Falling to 300m by dawn, then persisting at this level.
